2: Sites Database

Site validation reports were sent out to all resident clubs and schools in Nov 15 for checking. Thus far 23/68 have been returned and we are now waiting on the remainder before we can re-allocate the remaining 244 'unclaimed' sites and confirm CANP site codes with the RAF. We intend to validate the codes when we have responses from 50% (34) clubs/schools and if you haven't replied by then your CANP sites codes may not be up to date. If you did not receive a validation report it may be that you haven't updated the contact details of your sites officer with the BHPA office.

We are still awaiting reports from the following clubs and schools:
