Senior Air Experience Instructor (Dual) Examination

Functions to be scrutinised

		Good	Average	Poor
1. Leadership:				
	a) Personal example			
	b) Setting standards			
	c) Getting staff and students to give of their best			
2. Decision making:				
	Sound and decisive operational judgement			
3. School Administration:				
	a) Knowledge and understanding			
	b) Practical organisational experience			
4. BHPA Administration:				
	a) Student Records			
	b) Daily Flight Logs			
	c) Membership Scheme - membership books			
	d) Accident Recording/Reporting			
5. Trainee Instructor Management:				
	a) Constructively discuss with the Examiner the training and continuous evaluation of potential Senior Air Experience Instructors (Dual).			
	b) The candidate is to show that he is observing, evaluating and making positive comments and criticism of a potential Senior Air Experience Instructor (Dual) in both practical and academic training. The Examiner must ensure that mistakes or poor performance do not go unchallenged.			

This is considered to be the most crucial area of the examination.

NOTES

- It is expected that the Senior Air Experience Instructor Examination will take one day to complete.

TEMPORARY LICENCE

The Chief Examiner's Brief

The Lead Examiner should read out each point in the relevant section below in turn and satisfy himself that the newly licenced member is aware of the added responsibilities. After adding any constructive comments he is to complete the Temporary Licence at the bottom of this page and hand this complete page to the successful candidate.

For newly Licensed Instructors:

The Chairman of the Flying and Safety Committee wants you made aware of the following points:

1. You may only instruct students in the disciplines shown on your licence.
2. You have a DUTY OF CARE towards your students. Don't be intimidated by anyone to carry out operations or training that you are not happy with; and do not hesitate to cease flying or restrict or repeat exercises.
3. You MUST warn all newcomers into the sport about the RISK of injury. It is a sport - NOT a fun fair ride.
4. Make certain that every student is a BHPA member - issue an Introductory Membership Certificate or check their BHPA membership card.
5. Treat every situation as unique - students, launches and flights. Be ready for the unexpected and remember that the weather can change dramatically, especially in hilly terrain, near the coast, or in the summer.
6. If you're not sure whether or not to submit an Incident Report, then send it anyway.
7. Read, take note and act on all Safety and Training information which may appear in SKYWINGS magazine, plus any official Safety Notices you may receive.
8. The issue of your licence means you are considered competent to operate unsupervised and to train students and pilots to all levels within the permitted categories. You have much still to learn, however, but providing you maintain the correct attitude and approach to the sport you will improve as your experience grows.
9. You should be thoroughly conversant with the relevant sections of the Technical Manual.
10. **SAFETY REQUIREMENTS AND OPERATING PROCEDURES MUST BE FOLLOWED.**
11. To add Extensions to this new Licence you should contact your CFI for details of how to proceed.
