

Current documents as of: **23rd August 2024**

The items below are the current editions of BHPA 'versioned' training documents, available from the BHPA office to schools, clubs and registered licensed members.

The date in the box above will be adjusted when an amendment to one or more of the items is published.

NB: Technical Manual amendment notifications appear in Skywings (Safety Matters page), and are not recorded on this sheet.

A thick black bar printed to the left of the item (as shown here) will be used to identify the item that has been amended.
